Resilience^{SR} represents the latest technology in Faux Leather and Vinyl Protection, enhancing performance where it is needed the most:

STAIN RESISTANCE: With proper care, materials treated with **Resilience^{SR}** can be easily cleaned and will guard against stains maintaining the desired surface appearance for years to come.

ANTI-MICROBIAL & ANTI-BACTERIAL PROTECTION: Products treated with **Resilience^{SR}** are engineered to inhibit bacterial growth, as well as fungus, mold and spores, resulting in a more hygienic environment.

ABRASION RESISTANCE: **Resilience^{SR}** provides additional wear properties and surface durability to any Vinyl or Faux Leather, thereby increasing the life of the material.

Resilience^{SR} is not visible, and does not affect the hand of the material. **Resilience^{SR}** is engineered to last, even after repeated cleaning and wear. Specify **Resilience^{SR}** for the most demanding healthcare and hospitality applications.
